Summary of reasons for decision:

The computer image file printout is deemed to be objectionable because if tends to promote and support the exploitation of children or young persons for sexual purposes.

The publication is a printout of an image file showing a girl who appears to be an older child or young teenager, wearing an underwear set consisting of a blue bra top and briefs. The girl is not involved in sexual activity and the image does not show naked genitals or breasts. However, the main focus is on the blatant display of her crotch. The image is clearly intended to appeal to those with a sexual interest in young girls. The availability of such material encourages the creation or reinforcement of this sexual interest.

The classification of the publication interferes with the right to freedom of expression set out in the New Zealand Bill of Rights Act 1990. However, this is an outcome that is consistent with Parliament's intention and is a reasonable limitation on the freedom of expression. The classification reflects the concern of a free and democratic society to protect its young and vulnerable members from sexual exploitation.
